## Retirement: important information and dates

Given the specific circumstances of the education and higher education networks, the CSQ wishes to inform members, without delay, of some important dates and details affecting retirement and parental rights. Over the next few days, watch for the release of an upcoming Info-Nego bulletin. It will contain all the details.

### Changes to RREGOP will take effect on the following dates:

- ✓ New retirement criteria without actuarial reduction at 61 years or based on factor 90 (minimum 60 years): for persons who will retire starting July 2, 2019.
- ✓ Increase of the actuarial reduction from 4 to 6%: for persons who will retire starting July 2, 2020.
- ✓ Possibility of contributing to RREGOP for a 39th and a 40th year: starting January 1, 2017.

With regard to the first two points, transitional measures were agreed for persons who will have started gradual retirement before the date the legislation governing these changes will be tabled at the National Assembly or within 100 days following this date.
